Predict Youssef Will Be Back On Throne By Nov. 18

PARIS (A)-Ex-Sultan of Morocco Mohamed Ben Youssef and French Foreign Ministery Antoine Pinay met privately for two hours Tuesday and emerged talking of "happy perspectives" that probably will lead Ben Youssef quickly back to the throne.

In his communique issued after the meeting, Pinay even referred to Ben Youssef as "sa majeste" (his majesty).

In his first statement since returning to France from two years' exile in Madagascar, Ben Youssef spoke to newsmen of future policies based on "hope, wisdom and reconciliation."

Pinay made a special trip from (5) (10) (20)—Groucho Marx Geneva, where he is attending the Big Four foreign ministers meet-

Immediately after meeting with Pinay, Ben Youssef went into a session with Pinay's right hand man, Henri Yrissou.

IRON LUNG COOLER

CHICAGO (AP) — Polio patients confined to uncomfortably warm iron lungs are promised relief by air conditioning It's the idea of Tohru Inouye of the research staff of the University of Illinois Research and Educational hospitals. He began research two years ago after he noticed that many polio patients were near heat exhaustion while sealed in the mechanical respirators. Temperatures inside the iron lung have gone as high as 107 degrees. he said.

At Inouye's suggestion, Edward Kurek, an air conditioning engineer, redesigned an air diffuser. The unit enables temperatures to be maintained at 80 to 85 degrees.

> Television viewers have been discussing a Chicago Cardinal touchdown play for over a week now. Several of the local folks have expressed opinions that the spectacular TD the Cards manufactured to tie the Eagles a week ago Sunday was a planned play. Others think it was an accident. In the current issue of the Sporting News, Chicago scribe Ed Prell got the true story direct from coach Ray Richards. Richards explains, "The play started as a toss out from our quarterback Lamar McHan, to Ollie Matson. He had the option to run or throw. But Chuck Bednarik was on top of Ollie, who had to circle back. Dave Mann, our rookie back, seeing that Matson was in trouble, came over to give him clearance with a block. But Ollie had other ideas. He lateraled to Mann. Luckily, Dave spotted Don Stonesifer near the goal and threw him the pass quick, gave us the score-and a tie."
